EDUCATION

Parul Institute of Technology, Vadodara, Gujarat

Aug 2021 - April 2025

B.Tech - Computer Science & Engineering

(CGPA: 6.9/10)

Coursework: Object Oriented Programming, Database Management Systems, Computer Networks, Data Structures and Operating Systems.

EXPERIENCE

CODTECH SOLUTIONS PVT.LTD

Full Stack Developer Intern

Jan 2025 - April 2025

- Create responsive web pages that integrate and display data from public **APIs**, ensuring a seamless user experience.
- Design and implement a real-time chat application using **WebSocket** for effective communication.
- Utilize frameworks like **React.js** to build dynamic user interfaces for collaborative document editing applications.

BIT Infotech

PHP Developer (Intern)

Dec 2024 - Jan 2025

- Understood the **CRM** project architecture and enhanced front-end and back-end functionalities using **PHP** and **Laravel**.
- Worked with **phpMyAdmin** to manage databases, including data entry, retrieval, and optimization for project needs.
- Successfully completed an internship at **BIT Infotech**, gaining hands-on experience in web development and received an **Internship Completion Certificate**.

PROJECTS

Portfolio Website | [Live Link](#)

Tech Stack: React.js, HTML5, CSS3

Hosted on Hostinger

- Designed and developed a fully responsive personal portfolio website using **React.js** to highlight skills, projects, and contact information with a clean and modern aesthetic.
- Deployed the website on **Hostinger**, ensuring fast load times, optimized performance, and seamless compatibility across all devices.

UNI-HIVE: CRM System | [source code](#)

Tech Stack: PHP, Laravel, phpMyAdmin, PhpMailer

- Contributed to the enhancement of existing CRM software by upgrading front-end and back-end modules using **PHP** and **Laravel**.
- Utilized **phpMyAdmin** for database management—streamlining data entry, optimization, and retrieval processes.
- Collaborated with team mentors to improve UI/UX components and maintain detailed project documentation.

CRM Enhancement Project | [source code](#)

Tech Stack: React.js, REST APIs, Twilio

- Engineered responsive web pages that interact with public **APIs**, enhancing interactivity and user experience.
- Created dynamic UI components for collaborative document editing using modern **React.js** practices.
- Achieved early success in integrating **REST APIs**, ensuring smooth communication between front-end and back-end systems.

SKILLS

Programming Skills: C++, HTML, CSS, JavaScript

Frameworks & Libraries: React, Node.js, Bootstrap, PHP, Laravel

Databases: MongoDB, MySQL

Tools & Platforms: Git, VS Code, Postman, phpMyAdmin

APIs & Services: RESTful APIs, Twilio, PHPMailer

ACHIEVEMENTS

- Completed the **"Software Engineering"** course by **Swayam NPTEL** with a score of **70%**, enhancing skills in software development, testing, and quality assurance.
- Completed Internship at **CODTECH IT SOLUTIONS** with great remarks and outstanding performance.
